STATEMENT OF INTENT

- A. This Statement of Intent relates to the Child Protection and Safeguarding Policy and procedures of Newent Community School and Sixth Form Centre.
- B. The School's Governing Body and Senior Leadership Team recognise and accept their responsibilities under law for the protection of children.
- C. In compliance with the Children Act 2004, the school's Governing Body will ensure so far as is reasonably practicable that all adults who come into contact with children and young people in their work are competent, confident and safe to do so.
- D. In addition the School will ensure that all adults understand their accountability and duty of care to safeguard and promote the children and young people's welfare by contributing to:
 - o Providing a safe environment to learn; and
 - o Identifying people who are suffering or likely to suffer significant harm, and taking appropriate action with the aim of making sure they are kept safe both at home and at school.
- E. The Senior Leadership Team will ensure that everyone has sufficient information, instruction and that training is available and provided.

Named individuals:

Nominated Governor for Children in Care	David Hogg
Nominated Governor of Child Protection	Helen Kelly
Nominated Governor for Safeguarding Governor	Chris Germaine
Designated Safeguarding Lead	Alan Johnson (Principal)
Deputy Designated Safeguarding Lead	Martyn John (Assistant Principal) Ann Price (Business Manager) Lisa Jevons (Medical & Student Welfare Officer)
Additional Designated Safeguarding Leads	Karen Steger (SEN / Inclusion Lead)

1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(2018\)](#) and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We

comply with this guidance and the arrangements agreed and published by Gloucestershire Safeguarding Children's Board and the newly created three local safeguarding partners as required by KCSiE 2018.

This policy is also based on the following legislation:

- Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of Students at the school
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

This policy also complies with our funding agreement and articles of association.

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following **3 safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of Gloucestershire Safeguarding Children's Board and the three safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff Code of Conduct, the role and identity of the Designated Safeguarding Lead (DSL) and deputies, the Behaviour Policy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to the Local Authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Section 13 and appendix 2 of this Policy outline in more detail how staff are supported to do this.

5.2 The Designated Safeguarding Lead (DSL)

The DSL is a member of the Senior Leadership Team. Our DSL is Alan Johnson, Principal. The DSL takes lead responsibility for child protection and wider safeguarding.

The DSL, or one of the Deputy DSLs, will be available to discuss any safeguarding concerns. Appropriate cover arrangements will be made during periods when the school is not in session.

The DSL, and Deputy DSLs, will be given time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so

- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (Local Authority children’s social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly

The Deputy DSLs will keep the Principal informed of any issues, and liaise with Local Authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL and Deputies are set out in their job description.

5.3 The governing board

The governing board will approve this policy at each review, ensure it complies with the law and hold the headteacher to account for its implementation.

The governing board will appoint a Link Governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The chair of governors will act as the ‘case manager’ in the event that an allegation of abuse is made against the Principal, where appropriate.

All governors will read Keeping Children Safe in Education.

Section 13 has information on how governors are supported to fulfil their role.

5.4 The Principal

The Principal is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the Deputy DSLs have appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the ‘case manager’ in the event of an allegation of abuse made against another member of staff

6. Confidentiality

We recognise that all matters relating to child protection are confidential. The School’s Confidentiality Protocol is discussed during an Induction meeting and is signed to acknowledge it will be adhered to.

- The DSL and Deputy DSLs will disclose any information about a child to other members of staff on a need to know basis only.
- The DSL and Deputy DSLs are aware of the need to share information that falls within the ‘special category personal data’ and how the Data Protection Act 2018 contains ‘safeguarding of children and individuals at risk’ as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk. The Government’s document entitled “[information sharing advice for safeguarding practitioners](#)” includes 7 ‘golden rules’ for sharing information. This document is available for all staff who have to make decisions about sharing information.
- All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- All staff are aware of the importance of timely information sharing for effective safeguarding.
- All staff are aware that the fear about sharing information must not stand in the way of the need to promote the welfare, and protect the safety, of children
- All staff are given access rights to report a concern via the School’s reporting system “My Concern”.

- All staff are aware that The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. The School's Data Protection Policy is available to all staff.
- All staff are aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.
- We will always undertake to share our intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the Multi Agency Safeguarding Hub on this point.
- All staff are aware that if they are in any doubt about sharing information, they should speak to the DSL / Deputy DSLs.

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean “the DSL (or deputy DSL)”.

7.1 If a child is suffering or likely to suffer from harm, or in immediate danger

Make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.....**

portal

<https://www.gov.uk/report-child-abuse-to-local-council>

Tell the DSL as soon as possible if you make a referral directly by using the School's reporting system “My Concern”.

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Provide a record of your conversation as soon as possible, in the child's own words, via the School's reporting system “My Concern”. Stick to the facts, and do not put your own judgement on it
- Alternatively, and if appropriate, make a referral to children's social care and/or the police directly, and tell the DSL as soon as possible that you have done so using the School's reporting system “My Concern”.

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises “all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs”.

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as ‘female genital cutting’, ‘circumcision’ or ‘initiation’.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 2.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have good reason not to, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine students.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out or discovers that a **pupil age 18 or over** appears to have been a victim of FGM must speak to the DSL and follow our local safeguarding procedures.

A record of the facts should be submitted to the DSL as soon as possible via the School's reporting system "My Concern".

7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

Figure 1 on page 9 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first and follow this with providing a record of the facts as soon as possible via the School's reporting system "My Concern".

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the Senior Leadership Team and/or take advice from Local Authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0800 800 5000.

Make a referral to Local Authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible via the School's reporting system "My Concern".

Early help

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

The 'Early Help' offer includes all that the school does to provide help to students as soon as possible and the school's planned responses to and support for:

- faith abuse;
- gangs and youth violence;
- gender-based violence, including violence against women and girls and female genital mutilation;
- Mental Health;
- Private fostering;
- Radicalisation;
- Sexting;
- Teenage Relationship Abuse
- Trafficking

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible via the School's reporting system "My Concern".

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

Referrals to Gloucestershire Multi Agency Safeguarding Hub are made by completing a Multi Agency Referral Form via the Liquid Logic portal.

If it is thought a child or young person is at immediate risk of significant harm, contact The Front Door on 01452 426565 (option 1).

Concerns can be discussed in principal by calling the Children's Practitioner Advice Line or a Community Social Worker for advice.

7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, add your concerns via the School's reporting system "My Concern".

If you feel it appropriate, speak to a member of the Senior Leadership Team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

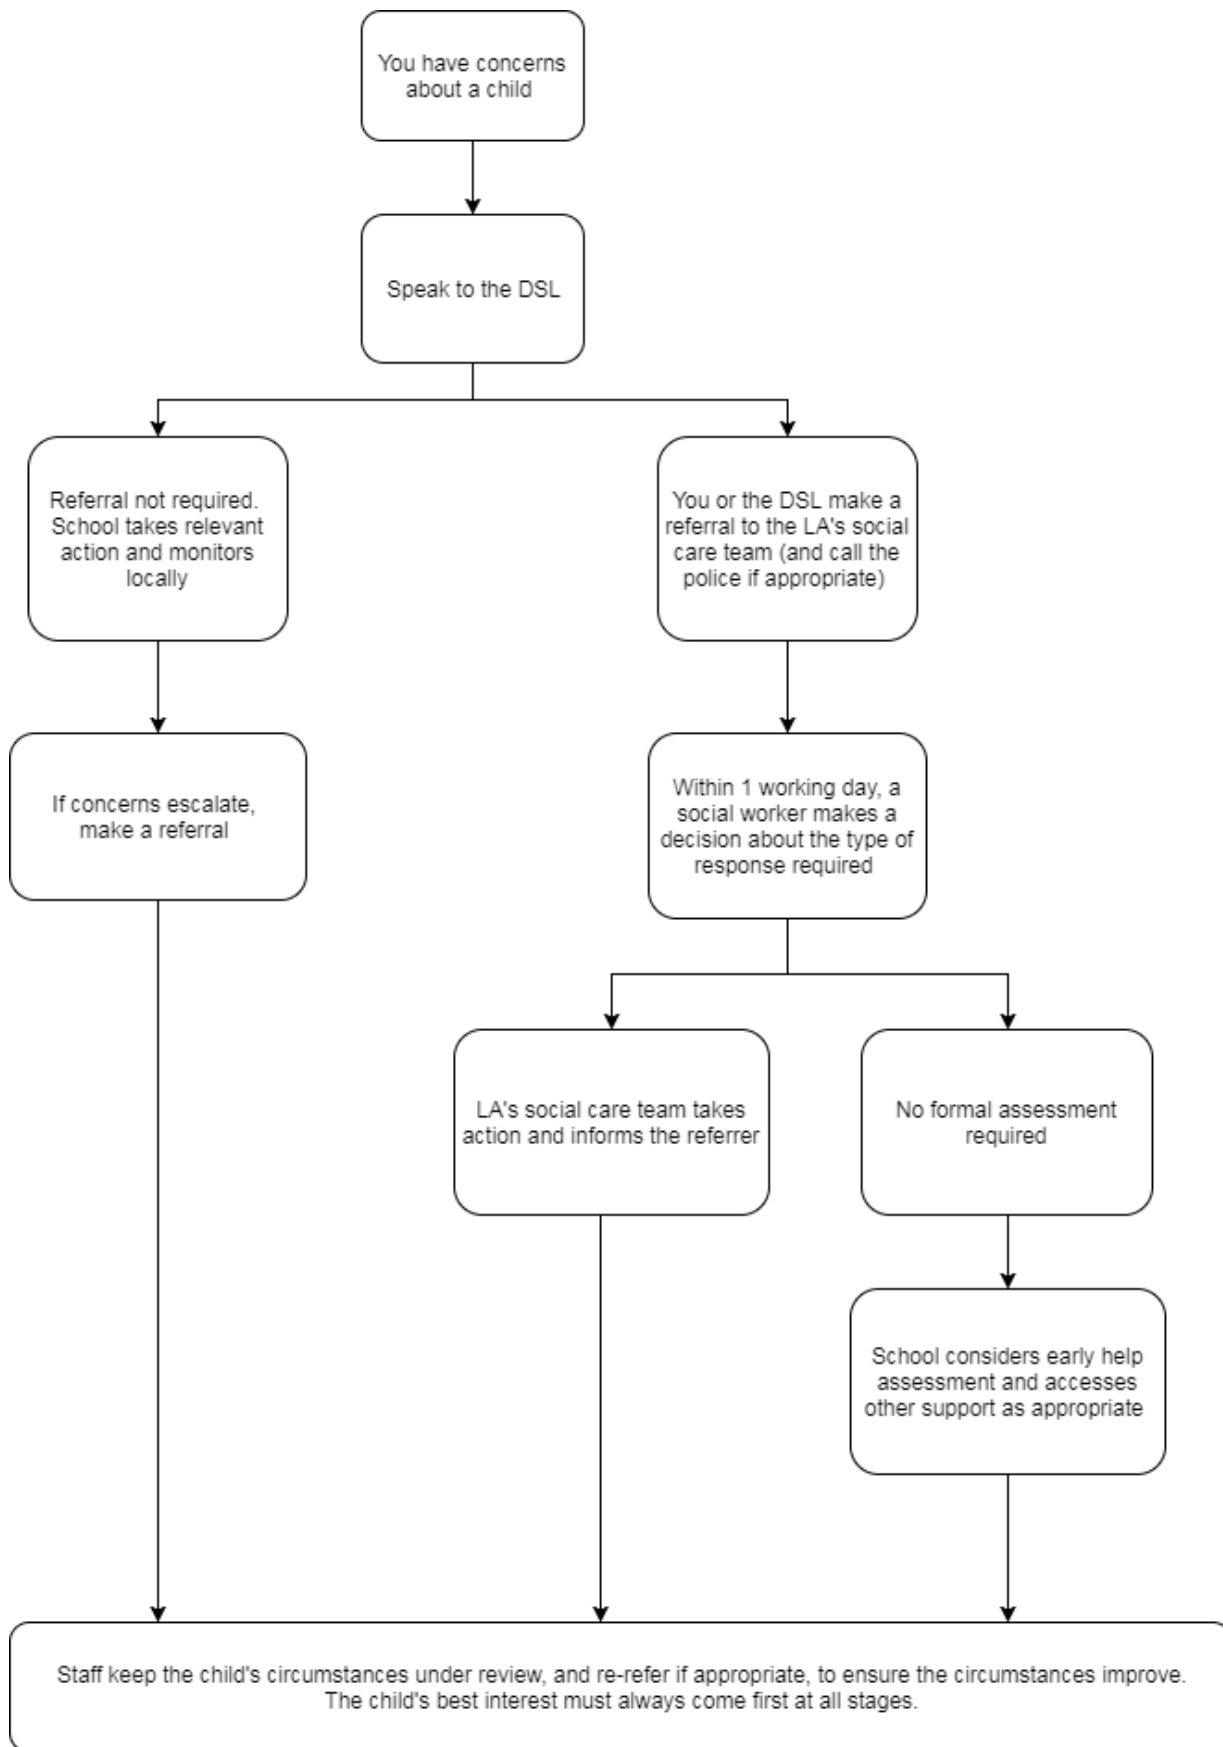

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

7.6 Concerns about a staff member or volunteer

Newent Community School and Sixth Form Centre recognises that it is possible for staff and volunteers to behave in a manner that causes harm to children and takes any allegation made against members of staff or volunteers seriously.

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If it becomes necessary to consult outside the school, they should speak in the first instance, to the LADO following the School's Whistleblowing Policy.

If you have concerns about a member of staff or volunteer, or an allegation is made about a member of staff or volunteer posing a risk of harm to children, speak to the Principal. If the concerns/allegations are about the Principal, speak to the Chair of Governors.

The Principal/Chair of Governors will then follow the procedures set out by Gloucestershire Safeguarding Children's Board, as appropriate.

7.7 Allegations of abuse made against other Students

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of Students hurting other Students will be dealt with under our school's Behaviour Policy, but this Child Protection and Safeguarding Policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put Students in the school at risk
- Is violent
- Involves Students being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a student makes an allegation of abuse against another student:

- You must record the allegation via the School's reporting system "My Concern", but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and management plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and Children and Young People's Service (CYPS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female Students, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate Students about appropriate behaviour and consent
- Ensuring Students know they can talk to staff confidentially
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

7.8 Sexting

GSCB's guidance is in line with Gloucestershire Constabulary advice is outline below:

If a device is involved- secure the device and pass on to the DSL.

The DSL will then apply judgement to each sexting incident by considering the.

- Significant age difference between the sender/receiver involved.
- If there is any external coercion involved or encouragement beyond the sender/receiver.
- If you recognise the child as more vulnerable than is usual (ie at risk).
- If the image is of a severe or extreme nature.
- If the situation is not isolated and the image has been more widely distributed.
- If this is not the first time children have been involved in a sexting act.
- If other knowledge of either the sender/recipient may add cause for concern (ie difficult home circumstance)

If the incident is considered serious then it will be reported to the police.

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately and follow up using the school's reporting system "My Concern".

You must **not**:

- View, download or share the imagery yourself, or ask a student to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- Delete the imagery or ask the student to delete it
- Ask the student(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the student(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to student(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the Students involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the Students involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult

- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Principal (if relevant) and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the Students involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a student has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done by calling the helpline 101

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 12 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Students are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation

Students also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with Students so they are aware of the processes the school will follow in the event of an incident.

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Students with special educational needs and disabilities

We recognise that Students with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Students being more prone to peer group isolation than other Students
- The potential for Students with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for Students with SEN and disabilities within the School's Learning Suite.

10. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when Students are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with Students.

Staff will not take pictures or recordings of Students on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

The School's Data Protection Policy is available to all staff.

11. Complaints and concerns about school safeguarding policies

11.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff.

11.2 Other complaints

The School's Complaints Policy is available to all staff and via the School's website.

11.3 Whistle-blowing

The School's Whistleblowing Policy is available to all staff and is discussed during the Induction meeting.

12. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded via the School's reporting system "My Concern". If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available via the student's record, however, confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

The School's reporting system "My Concern" is accessed by all staff via a unique username and password. Accounts are disabled when employment ceases.

All paperbased records are held securely, in locked filing cabinets, in the Medical Office. Records are retained in line with the Schools' retention policy.

HM Government advice is non-statutory, and has been produced to support practitioners in the decisions they take to share information, which reduces the risk of harm to children and young people and promotes their well-being.

We adhere to the Gloucestershire Safeguarding Children's Boards 7 Golden Rules of Information Sharing

- School transfer: My Concern reports are redacted, printed and collected with paperbased records. These are then hand delivered to the DSL at the new educational establishment/posted recorded delivery and signed by recipient DSL on delivery. A letter of confirmation of delivery is received by the DSL for record keeping.
- Emails, referrals and requests to external agencies are sent by secure email by Egress Switch.
- Social Care referrals are via the Liquid Logic Portal.

In addition, we have a number of protocols and operate in line with GSCB in relation to recruitment and pre-employment checks, DBS checks and record keeping with respect to allegations of abuse made against staff

13. Training

13.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from the three safeguarding partners.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Volunteers will receive appropriate training, if applicable.

13.2 The DSL and Deputy DSLs

The DSL and Deputy DSLs will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

13.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

13.4 Recruitment – interview panels

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures. The School's Safer Recruitment Protocol is available to all staff.

13.5 Staff who have contact with Students and families

All staff who have contact with children and families will have supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues. This will be provided in the first instance through the Welfare Officer.

14 Gloucestershire Encompass Commitment

As part of our commitment to keeping children safe we have signed up to implement the principles and aims of the Gloucestershire Encompass Model.

In signing up to Gloucestershire Encompass the Governing Body and Senior Leadership Team:

- Endorse the Gloucestershire Encompass Model and support the Key Adults in our school to fulfil the requirements of the Gloucestershire Encompass Protocol.
- Promote and implement Gloucestershire Encompass processes and use these in accordance with internal safeguarding children processes.
- Recognise the sensitive nature of the information provided and ensure that this is retained in accordance with the principles of data protection.

15. The Use of School Premises by other organisations

Where services or activities are provided separately by another body, using the school premises, the governing body will seek assurance that the body concerned has appropriate policies and procedures in place in regard to safeguarding students and child protection.

16. Anti-Bullying

Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms e.g. cyber, racist, homophobic and gender related bullying. All staff are aware that children with SEND and / or differences/perceived differences are more susceptible to being bullied / victims of child abuse. We keep a log of all known bullying incidents.

17. Racist Incidents

Our policy on racist incidents is set out separately, and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a log of all racist incidents.

18. Health & Safety

Our Health and Safety policy, set out in a separate document, reflects the consideration we give to the protection of our children both physically within the school environment, and for example in relation to internet use, and when away from the school and when undertaking school trips and visits.

19. Monitoring arrangements

This policy will be reviewed **annually**. At every review, it will be approved by the full governing board.

Our Child Protection and Safeguarding Policy and Procedures will be monitored and evaluated by:

- Governing Body visits to the school
- SLT 'drop ins' and discussions with children and staff
- Pupil surveys and questionnaires
- Scrutiny of Attendance data
- Scrutiny of range of risk assessments
- Scrutiny of Governing Body minutes
- Logs of bullying/racist/behaviour incidents for SLT and GB to monitor
- Review of parental concerns and parent questionnaires

- Senior Team link meetings with key post holders

20. Links with other policies

This policy links to the following policies and procedures:

- Behaviour
- Staff Code of Conduct
- Whistleblowing
- Anti Bullying
- Complaints
- Health and safety
- Attendance
- Equality
- Sex and relationship education
- First aid
- Curriculum
- Privacy notices
- Acceptable User
- Safer Recruitment

These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: specific safeguarding issues

This appendix is based on the advice in annex A of Keeping Children Safe in Education

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of child sexual abuse that occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends

- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and Deputy DSLs will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' violence (including FGM and forced marriage)

So-called 'honour-based' violence (HBV) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBV are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBV or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)

- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our Students to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in Students' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Checking the identity and suitability of visitors

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification if relevant.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- may be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise Students or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will contact the named contact on the student's record immediately.

Missing Students

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, the school's Children Missing in Education protocol will be adhered to.
